are conducted by activating each individual fire alarm system in each on-campus residential hall facility.

Smoking

The University prohibits the use or possession of all tobacco products and paraphernalia on campus. Violation of this policy by a student could result in a fine and may result in other disciplinary sanctions.

Fire Safety Reporting

In the event of a fire, the following notification procedures should be followed.

1. Resident Educator, Resident Assistant, or student pulls fire alarm, notifies the Campus Safety & Security Department
2. The Campus Safety & Security Department notifies the Olathe Fire Department and Director of Campus Safety & Security.
3. Director of Campus Safety & Security notifies the Vice President/Chief Financial Officer and Dean of Residential Life.
4. Vice President/CFO will notify the University President, if necessary.

When a fire is discovered, the resident or staff member who first discovers the fire should pull the internal fire alarm. The internal fire alarms are monitored by Alarm Central/Kennyco and they will notify the Olathe Fire Department and the Campus Safety & Security Department. Campus Safety should also get a call from the resident or staff member reporting a fire. The Olathe Fire Department and Campus Safety & Security officers are then dispatched to the scene. The Olathe Fire Department has control over all emergency situations, and in the event of an actual fire, the OFD has direct control over the situation. The Director of Campus Safety & Security should arrive at the scene and assess the situation. The Director is responsible for notifying the Vice President/Chief Financial Officer. If necessary, the Director of Campus Safety & Security will then notify other key individuals under the direction of the Vice President/CFO.

The University is required to disclose each year statistical data on all fires that occurred in on campus student housing facilities. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. However, there may be instances when a fire is extinguished quickly and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the following person:

When notifying one of these individuals as much information as possible about the location, date, time, and cause of the fire should be provided.

Resident Educators:

1. **Primary Responsibility** – Observe the progress of residential assistants and provide assistance as needed.
2. Ensure RA's are controlling their hall's residents, that each is separated, and that RA's are accounting for their residents.
3. If your dorm uses a check-out log, it should be taken to the assembly points ana2 010 1 e

Plans for Future Improvements

All MidAmerica Nazarene University buildings meet or exceed the city of Olathe's fire safety requirements. The University continues to work closely with the Olathe Fire Department and other outside sources by following their recommendations for future improvements to bring our buildings above, or beyond current requirements. There are no current improvement projects at the moment. However, the Department of Campus Safety & Security will also strive to develop further Fire Safety educational programs to keep our faculty, staff, and students safe.
